Hi Cheryl,
I looked through the report and do not see any additional PII that should be redacted.

Thanks,

Shelly Heger, Chief

Hi Chuck and Shelly:

This report has been completed and signed by Ryan. I have gone through the report and redacted what I consider to be PII. Could you check the report and verify that I did not miss anything that should have been redacted. I did not redact the photos that had EPA personnel in the photos, please let me know if I should go back and redact those photos?

After you have had a chance to review it and let me know if it is OK, I am sending it to Linda Holst for review and then uploading the redacted report to the EPA internet site.

Sincerely,

Cheryl Burdett
